

## PACIFIC'S GLENDALE THEATRES

PACIFIC THEATRES EXHIBITION CORP. | GLENDALE . CA

Caruso Affiliated's commitment to creating community spaces with a sense of history was central to Retail Design Collaborative's objectives when designing Pacific Theatres Glendale 18. The 68,000-square-foot slice of Americana entertainment houses 18 screens in a luxurious theater, reminiscent of the elegant grand movies palaces from the days gone by. Using a combination of design styles and materials, the theatre portrays a project that has evolved historically and will stand the test of time.
